REICHSTAG REOPENED

Emperor's Vigorous Address to the German Assembly.

DILATED ON CHINESE EMBROIDERY.

Assassination of King Humbert Vehemently Denounced—Domestic Affairs Touched Upon—Speech Was Received With Cheers.

Berlin, Nov. 14.—The reichstag re-assembled Wednesday. The opening ceremonies occurred at noon in the Knights hall of the schloss in the presence of Emperor William.

The speech from the throne dwelt at considerable length on the events in China which have excited such deep emotion among civilized people saying: "Fanatical hate and dark superstition incited by unscrupulous advisers of the court have driven misguided masses of Chinese to acts of atrocity against the outposts of western civilization and Christian worship dwelling peacefully in their midst. My minister died at the hand of an assassin, in a courageous attempt to overcome the rising peril. The foreigners at the capital saw themselves threatened, life and limb. These things of horror united the civilized community where otherwise there was a divergence. All nations against which the unparalleled onslaught was directed drew closer. Their sons fought with one mind shoulder to shoulder, even as yonder standards float side by side. So the governments show themselves in council, united with the sole wish to restore an orderly state of things as speedily as possible and after the punishment of the chief culprits avert a recurrence in the future of such a disturbance of the peace of the world."

In announcing that the relations of Germany with all the powers are good the speech recalls his majesty's sorrow at the assassination of King Humbert of Italy, saying he was "my ally and dear friend, who fell a victim to a damnable outrage."

The speech then proceeds: "I would sooner have consulted the reichstag on the measures in China, but for the necessity of prompt action and the difficulty of furnishing reliable information. Whenever the reichstag could form decisions or estimate the expenditure required the government felt confident that the representatives would not refuse their subsequent sanction to the necessary expenditure." Turning to domestic matters, his majesty said that in consequence of the natural growth of the revenue and the increased taxation voted last session more abundant funds were available in almost every branch of life in the empire, especially for measures for the benefit of workers and for the defense of the country. A customs tariff, he added, would probably be laid before the bundesrath during the present session. The speech concluded by announcing various bills which would be introduced.

At the conclusion of the speech from the throne Emperor William was warmly cheered and Count Von Buelow, the imperial chancellor, formally declared the session opened.

Making Rapid Progress.

Peking, Nov. 14.—After a protracted conference of the foreign ministers there was a general expression of gratification at the progress toward a settlement. It was stated that most of the minor points had been disposed of and that an agreement had been reached upon several essential questions. The meeting disclosed fewer differences over important points than was expected, which is largely due to the fact that the ministers have received definite instructions from their home governments. Minister Conger said he was encouraged to believe that propositions would be ready to be submitted to the Chinese plenipotentiaries at an earlier date than he had heretofore hoped.

President's Callers.

Washington, Nov. 14.—Senators Platt of New York, Fairbanks of Indiana, Foraker of Ohio and Thurston of Nebraska, were at the White House Wednesday. Senator Fairbanks said that, in his judgment, at the short session of congress an army reorganization bill and the reapportionment bill certainly would be passed and that the Nicaragua canal bill probably would pass.

Bridge Works Burned.

Detroit, Nov. 14.—Fire which started in the engine room of the Detroit Bridge and Iron works did between \$65,000 and \$75,000 damage, covered by insurance. Repairs will be begun immediately and the works started as soon as possible, as 500 employees are thrown out of employment.

STEAMSHIP TRUST.

Deal on to Combine the Big Steam Navigation Lines.

Baltimore, Nov. 14.—The International Navigation Co., which operates the American Red Star lines, will be the buyer in absorption and combination of ocean steamship lines now being negotiated here. Alexander Brown, of the banking house of Brown & Sons, financing the deal is quoted as saying: "It is true that a deal is pending, but I am not at liberty to give out any information at this time." Further than this Mr. Brown would not talk.

It is rumored that the Atlantic Transport company of which Mr. Brown is a director, will be absorbed by the new concern. The Pacific Mail Steamship company is said to be included in the deal.

The acquisition of the Atlantic Transport company would give the International Navigation company, a total of 36 modern steel passenger and freight steamships. J. P. Morgan & Co. of New York are said to be also interested in the deal. This is the first official confirmation of the reported deal.

Boxers Will Battle.

New York, Nov. 14.—A match has been made between James J. Jeffries and Tom Sharkey, the winner to take the entire purse. The battle will be in May before the club offering the largest purse. If the battle takes place in Nevada it will be to a finish. Bids for the fight will remain open until Jan. 15. Marquis of Queensbury rules will govern the contest and five ounce gloves will be used. Each principal deposited \$2,500 to insure his appearance in the ring. The articles also contained the provision that should Jeffries make a match with either Bob Fitzsimmons or Gus Ruhlin, that battle would be decided first. The same conditions prevail in regard to a match being made between Sharkey and Ruhlin.

Expecting a Surprise.

Pittsburg, Nov. 14.—Andrew Carnegie, it is stated on unquestionable authority, has another surprise for Pittsburg and in its accomplishment is willing as usual to spend several millions of dollars. His purpose is said to be the establishment of a polytechnic school for the instruction of practical mechanics and the industrial sciences. The amount of money which it is said will be spent by Mr. Carnegie in founding and endowing the school is \$3,000,000. Details of the proposition are expected to be known soon.

Porto Rican Robber.

Washington, Nov. 14.—The first infraction of the postal laws under the American regime in Porto Rico is reported in a cablegram to the postoffice department received from inspector in charge, Leatherman, at San Juan, announcing the arrest of Antonio Quinones, for assaulting Letter Carrier Jose Major with intent to rob, last Monday. The carrier probably will die and Quinones has been held under \$10,000 bond for the grand jury.

Mr. Kruger received an ovation at the German port of Dar-Es-Salaam.

Montgomery, Ala., Nov. 14.—The first session of the seventh annual convention of the United Daughters of the Confederacy was called to order in the hall of the house of representatives by Mrs. Edwin G. GONE TO THE WALL.

Receiver For the Drygoods House of William L. Strong & Co.

LIABILITIES AGGREGATE SIX MILLIONS

Biggest Failure in Recent Years. Former Mayor Strong Who Died Recently Was at the Head of the Firm.

Philadelphia, Nov. 14.—William L. Strong & Co., wholesale dry goods merchants for whom a receiver was appointed in New York, had a branch house in this city. Attorneys have secured foreign attachments against the firm in common pleas court here to the following creditors: Jane T. Griswold with bail fixed at \$92,000, and summoning Hood, Foulkrod & Co., George E. Fort & Co., Strawbridge & Clothier, John Wanamaker, Folwell Brothers & Co., Miller, Bain, Beyer & Co., the Griswold Worsted Co. and John G. Vogler as garnishees; Frank T. Griswold against the same defendants with bail fixed at \$70,000 and summoning the same firms as garnishees; Elizabeth T. Griswold, against the same with bail at \$102,160 and the same garnishees.

The summoning of the firm named as garnishees in the claims filed by the Griswolds is intended by attorneys for plaintiffs to secure possession of any goods or moneys belonging to William L. Strong & Co. in their possession at the time of the appointment of a receiver. One of the attorneys for the Griswolds said: "It is one of the largest failures that has occurred in the last few years and the liabilities will easily amount to \$6,000,000."

New York, Nov. 14.—Edward A. Treat, the receiver for the firm of W. L. Strong & Co., said he is not yet able to remove the uncertainty as to whether or not the firm is solvent. It is not known whether or not the firm was financially embarrassed before the death of ex-Mayor Strong. Mr. Treat made the following statement: "No one can tell whether or not the firm is solvent. The books must be gone over and days will be required for that work. Just as soon as I can I will issue a statement of the firm's affairs. The general opinion among men in the dry goods trade was that it would not have been necessary to apply for a receiver of the firm had it not been that Mr. Strong and E. H. Stott of Stottsville, N. Y., died within a few days of each other. It is generally supposed that Mr. Strong was a large endorser of Mr. Stott."

Army of Tennessee.

Detroit, Nov. 14.—About 100 members of the Army of the Tennessee assembled here for their 32nd reunion, which will last until Thursday evening. Vance, president of the association, responded. The attendance is more than usually large and due attention has been given to the entertainment of the delegates.

KNIGHTS OF LABOR.

Contending Factions Continue Their Rival Conventions.

Birmingham, Ala., Nov. 14.—The Parsons and Hayes factions of the Knights of Labor are still holding their separate and distinct conventions without interference with one another. The Hayes wing ignores the Parsons faction and the Parsons wing appears content to take things easy waiting on the ultimate decision to be reached in the courts when the merits of the controversy come up for hearing. Both conventions are behind closed doors and none of the day's proceedings have been given out.

PORTO RICO SCHOOLS.

Spreading Knowledge in the Midst of Illiteracy.

SALIENT REFORMS SADLY NEEDED.

Teachers Need Protection Against Squealers and Pernicious Interference of Politicians—Some of the Teachers Island Has Had.

Washington, Nov. 14.—M. G. Brumbaugh, commissioner of education for Porto Rico, says the school system in operation there includes 800 teachers and 38,000 pupils. This is only a beginning, as there are 300,000 children of school age without school facilities, most of whom would enroll if they could. Commissioner Brumbaugh says the hope of the island is in the public schools and the great illiteracy in Porto Rico must be reduced. The schools are not to be compared with the American systems, but their transformation must be gradual. The report says the present school law should be wholly abrogated at the coming session of the insular legislature for many reasons and a new law passed. A change in the licensing of teachers is needed to protect good teachers from the competitions and machinations of worthless teachers and from the pernicious interference of politicians.

The report urges closer supervision and quotes Dr. Giff, formerly acting commissioner as saying that the supervisors of the school were at first ex-soldiers, ex-teachers, ex-packers and other such men, and they had to teach English in addition, but now they are as men qualified as the salary can command and the supervision requires their entire time. There are over 100 American teachers engaged in the schools and the demand is for more provided they know enough Spanish to instruct the children in their native tongue. One group of American teachers is denounced, as "the seekers after novelty and new experiences, mere adventurers who imposed upon the administration and the children and who used the salary and position of teacher solely to see a new country for a year and then return. Fortunately these are gone and the better teachers remain to carry on a really helpful and arduous task. The people of Porto Rico have patiently borne with these adventurers and longed for their departure."

Thousands of children in this island, says the report, are half clothed, half fed and half housed. At least 80 per cent of all the people are illiterate and the crying need is schools to reduce the appalling illiteracy. There are no public school buildings and no public colleges and universities.

New York, Nov. 14.—The annual meeting of the general missionary committee of the Methodist Episcopal church, which is to continue a week, began at the St. Paul M. E. church in this city. The committee is composed of all the bishops in the country and of the corresponding secretaries of the missionary societies. The committee appropriated \$1,200,000 for the fund for the foreign and home missions. A special committee will be appointed to devise ways and means to raise \$2,000,000 for missionary work, this sum to be known as the 20th century offering. Bishop Thoburn of India will be the chairman of this committee.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.

ROSSER & MCCARTHY,
Proprietors.

THURSDAY, NOVEMBER 15, 1900.

To the Democrats of Mason County.

Pursuant to the provisions of the new party law adopted at the State convention June 14, 1900, the Democrats of Mason County are asked to assemble in mass convention at the usual voting place in their respective precincts on Monday, November 19, 1900, at 1 o'clock p. m. and select a committee to represent the precinct in the Democratic organization for a period of four years.

Further, the committee selected by said mass conventions are requested to meet in the parlors of the Central Hotel on Monday, November 26th, at 11 o'clock a. m. and select a Chairman and Secretary of said committee, who may or may not be members of the committee.

Respectfully,
T. D. SLATTERY, Chairman.

Fair to-night and Friday.
Colder in west portion.

When it comes to reorganizing the Democratic party the 7,000,000 Bryan voters will probably have something to say about it.

BEFORE the salt trust was organized, Mason County farmers paid a dollar a barrel for salt. Now it is costing them over \$2 a barrel.

In Mr. Yerkes' home county Mr. Beckham polled sixteen votes more than Bryan while Mr. Yerkes polled only seven more than McKinley. The latter's majority was seventy-four, while Mr. Yerkes' was sixty-five.

RIGHT on the eve of the slaughtering season, the salt trust increases the price of that article from \$1.10 to \$2.50 per 100 pounds. During the next two months the farmers will use more salt than in all the rest of the year.

THE Public Ledger announced Monday: "The Kentucky Treasury is exhausted." Yesterday over \$400,000 was turned over to the State Superintendent of Public Instruction. That's a pretty big sum to come out of an "exhausted" Treasury.

AT Northampton, Mass., 2,400 votes were cast at the recent election. A voting machine was used, and ten minutes after the polls closed the result was known in New York. We are in favor of the voting machine if it can be arranged so that it cannot be fraudulently manipulated.

CONGRESSMAN-ELECT KENNER ran ahead of Bryan and Beckham in Fleming County, as well as in Mason. In Fleming he polled 2,187 votes, twenty-two more than Bryan, and seven more than Beckham. McKinley and Pugh received the same number of votes—2,109, Yerkes leading them by twelve votes.

MR. W. P. CAMPBELL, a staff correspondent of the Cincinnati Post, says the National Republican Committee put \$55,000 in Kentucky during the ten days just preceding the election. Kentucky Republicans probably added \$75,000 or \$100,000 to it, which gives some idea of the "boodle" they used in the cause of "civil liberty."

WASHINGTON, D. C., Nov. 14.—The Times says the Republican managers plan to make a contest against ex-Senator Blackburn to prevent him from being seated, the plan being to declare Blackburn's election vitiated by the frauds under the Goebel law.

While they are at such business why not renew the contest against Senator Hanna? They might, probably, find that his election was vitiated by bribery and corruption of the Ohio Legislature.

BOODLER CLARK's millions carried Montana for Bryan, and the unspeakable Croker also succeeded in carrying New York City; but there seems nothing else left of the once great Democratic party save the far South.—Public Ledger.

Now, please tell us something about the most notorious hoodler of them all, Mark Hanna. If it hadn't been for the corruption fund Hanna used last week in the pivotal States, the election would no doubt have resulted very differently from the way it went.

BRYAN's defeat we were told would hasten the end of the war in the Philippines, but the election is over and here comes General McArthur with the statement that peace is not in sight. He says:

In the light of existing conditions it is difficult to realize that there is any possibility of such a future for the islands, especially so as at present and for many years to come, the necessity of a large American military and naval force is too apparent to admit of discussion.

So the war of "criminal aggression" is to continue, notwithstanding Mr. Bryan's defeat.

ELECTION BENEFITS.

"It has been less than a week since the election, and already we see how manifold are the benefits we have acquired by that event," remarks the New York Journal. "Ice trust stock was the very first thing dealt in on the Stock Exchange on the morning after election, and exhibited a substantial rise, showing a well-founded confidence in the friendship of the Republican authorities. Sugar trust soared next. Standard Oil stock reached the highest point in its history. Mr. Addicks blossomed forth as a sure Senator from Delaware in case the Legislature should prove to be Republican. Mr. Quay announced that he would be elected to the Senate from Pennsylvania. The public was informed that the people had voted an unqualified indorsement of all the policies of the McKinley administration. The English press hailed the result as the work of the swelling spirit of imperialism throughout the Anglo-Saxon world. Lord Salisbury did us the honor to participate in our politics in a speech at Guildhall, bestowing his approval upon the seven million and three quarters who voted for Mr. McKinley and his disapproval upon the seven millions who voted for Mr. Bryan. Our London friends inform the world that the American people have rebuked the sympathizers with the Boers."

The Journal seems to have overlooked the advance in the price of meats by the Chicago packers' trust, also the fact that the salt trust has more than doubled the price of that article since the election.

TEACHERS TO BE PAID.

More Than \$400,000 Turned Over to the State Superintendent Wednesday.

FRANKFORT, Ky., Nov. 14.—Auditor Coulter paid out checks aggregating \$427,000 which goes to the school teachers of the State; \$285,000 of this is the second installment to country teachers this year, \$63,000 goes to the school fund of cities and towns and \$68,000 on the deficit of the school fund in cities for last year.

This pays off all of the school fund indebtedness to date.

"A Spring Chicken."

A new farce called "A Spring Chicken," will be presented at the opera house to-night, and it is replete with everything that is new and up-to-date. It is full of bright climaxes, good singing and dancing. The author, Mr. Selden, has taken ideas for this piece that are familiar to us all, but have never been used in farce comedy before, and keeps the audience in a roar of laughter all during the play. Pleasing specialties are introduced by the entire company. The cast is composed of well known people such as Ed. H. O'Connor, Dan Rivers, Harry Kittredge, E. S. Norton, Syd Hughes, the Davis sisters, Marie Williams, Agnes Hendricks, Beatrice Jansen, Harriet Clark, Gertrude Bomes and Milo Charron. Secure seats in advance, at Nelson's.

The parties are all popular young people, and their many friends wish them much happiness.

PITHY POLITICAL POINTS.

(By Robert Taylor.)

John, "Yer" keys weren't long enough. Yerkes has put Taylor in a new dilemma. Yerkes didn't "run" fast enough for Taylor. Yerkes can now collect his scattered thoughts. Yerkes didn't run to meet Taylor's expectations.

Taylor will have to renew his lease upon Indiana soil.

Democracy and decency are triumphant in Kentucky.

Yerkes may go to Taylor, but Taylor can't come to Yerkes.

Yerkes will do better as Collector than he would have done as Executive, perhaps.

The election of Beckham is of more import to Kentucky than that of all the Bryans in the United States would have been.

As was predicted, Yerkes couldn't jerk his voice high enough to drown the din from the trials of those assassins at Georgetown.

The driveling simpleton who expects anyone to be loyal that he or she is sincere when they proclaim Jack Chalm as the assassin of Governor Goebel is a fit subject for a feeble-minded institute.

The report of the Controller of the Currency, made public, shows that during the year ending October 31st, there have been organized in the State of Kentucky eight national banks with an aggregate capital of \$1,970,000. Of these, two have been institutions already engaged in the banking business and were converted into national banks under the new law; the other six were organized as new financial institutions.

The event of the week in Episcopal circles will be the reception in the Guild rooms of the Church of the Nativity tendered the new rector and his wife by the members of the parish and congregation to-night from 8 to 10 o'clock. Preparations have been made to render the occasion a pleasant social reunion of the members, as well as to extend a hearty and cordial welcome to the good people who have come into our midst, hoping to make our joys and our sorrows theirs and to find among us a pleasant home.

A dispatch from Frankfort says since the election of Governor Beckham, it is believed the State authorities are planning to make vigorous efforts to get Berry Howard and John L. Powers into custody. Detectives in the employ of the Goebel brothers, it is said, are now, and have for months, guarded the border counties of this State to prevent the escape of Howard and Powers into Tennessee, Virginia or West Virginia, and as the fugitives suspect this, they are not likely to leave the mountain fortresses, where they are under the protection of the local authorities.

At Flemingsburg, the examining trial of Jas. Page, charged with the murder of Saunders Rawlings, resulted in the prisoner being held without bond for the next term of Circuit Court. The testimony against Page is circumstantial but appears to be strong. It was shown that Page was last seen with Rawlings, carrying an ax; that the dead man's skull was crushed in with some heavy, blunt instrument; that Page afterward traded off a knife which was identified as belonging to Rawlings; that Rawlings owned a pistol and that Page afterwards tried to dispose of a similar weapon; that Page bought a new suit of clothes after the killing and that it was the first he had bought for a long time.

A Pointer for Farmers.

A farmer in Wisconsin says he has adopted a plan of advertising in his home paper which has saved him much valuable time and brought handsome returns for the money invested. He says: "When I am ready to sell anything I insert a little advertisement in the local paper telling what I have to sell, and, if live stock, how many of each and when they will be ready to ship, and the result has been that buyers are right after me, either personally or by mail, and naturally I get the highest price."

Spread Like Wildfire.

When things are "the best" they become "the best selling" Abraham Hare, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best selling bitters I have handled in twenty years. You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, run-down man or woman. Price 50 cents. Sold by J. Jas. Wood & Son, druggists.

The new fall coats show great variety of style. The best test is becomingness. If a coat is becoming the most important point is settled. Our coats have an air of style that's all their own—that "made-for-me" look so desirable in ready-to-wear garments. Excellent coats of good material, finish and style for \$5. Better ones for \$7.50. Handsome jackets of many colors and designs for \$10, \$12.50, \$15, \$17.50.

RAINY-DAY SKIRTS.

More and more women are wearing these sensible skirts—not violently short, but modestly so—just enough to escape the mud. A comprehensive stock of these utility skirts here—all are heavy suitings or plaid back, so there'll be no lining to fuss at the skirt when wet. Oxford Cheviot \$3.50. Heavier quality \$5. Plaid Back Golfing \$5.

REMARKABLE FUR VALUES.

The warm season has left fur men with goods instead of cash. Hence their eagerness to sell regardless. We enjoyed a remarkable opportunity for buying good stylish furs below their worth. This evidence—Neck Scarfs of opossum \$2.50, of seal, the \$3.50, of black marten \$5, on up to stone marten at \$35. Children's Sets—Muff and neck piece of American ermine \$1.50.

The Difference in Cost

Of thoroughly good fashionable and serviceable Clothes and Shoes as bear our label and inferior goods is not large enough to warrant you taking the risk attached to buying ordinary goods. The kind of clothes we sell are tailored by the same class of journeymen tailors as are employed by high-priced merchant tailors. Not a yard of fabric is used in these garments that has not been thoroughly tested for its textile strength and color fastness; therefore we thoroughly endorse and guarantee all goods we sell, and say, "money refunded" without argument if for any reason you are dissatisfied with your purchase.

Our experience as well as yours has proven that the kind of merchandise we sell is as near perfection as can be, and though they cost a little more than the other kinds they are really the cheapest kind in the end. Our leaders in clothes are Stein Bloch Co., Adler Bros. & Co., the best brands in the country.

In Shirts, the Manhattan; Hanan Shoes and Stetson Hats. All of these are the highest class of merchandise in their respective lines.

River News.

The Pearce is to-night's packet for Portsmouth and the Wells is due down this evening.

The Maysville-Cincinnati packet Courier is doing a good freight business now. She is hauling lots of live stock.

Last year the coalboat rise at Pittsburgh did not arrive until December 12th, although the Ohio river packets were able to start November 5th. So far this year the packets have not got under way and the barge stage is not in sight.

The official figures of the amount of coal loaded at Pittsburgh are 27,565,000 bushels. The coal is contained in 791 coalboats holding 25,000 bushels each, 485 barges holding 14,000 bushels each and 200 fuel boats and flats of a capacity of 5,000 bushels each.

Wooden barges, rivermen state, are now practically a thing of the past and they will be gradually substituted by steel ones, which have proved a success. A test which was made ended this week at New Orleans, when several arrived there. The Pittsburgh coal combine, it has been rumored, will establish a plant and build steel barges.

ANSWER IT HONESTLY.

Are the Statements of Maysville Citizens
Not More Reliable Than Those
of Utter Strangers?

This is a vital question. It is fraught with interest to Maysville. It permits of only one answer. It cannot be evaded or ignored. A Maysville citizen speaks here, speaks for the welfare of Maysville. A citizen's statement is reliable. An utter stranger's is doubtful. Hence proof is the best proof.

Mr. Robert Wice, of Forest ave., says: "Doan's Kidney Pills are, from the evidence I have, a sure cure for backache. I say this, not only from my own experience, but also from that of several others who have received the greatest benefit from the treatment. I suffered from pains in my back, a disordered condition of the kidney secretions and symptoms of an inflamed condition of the bladder. Procuring Doan's Kidney Pills from J. Jas. Wood & Son's drug store, corner of West Second and Market streets, they gave me quick and effective relief."

For sale by all dealers; price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name, Doan's, and take no other.

"A Poor Relation."

It is a marvelous stage creation that can keep an audience of play-goers on the verge of tears for two hours and a half and preserve them from weeping simply by making them laugh. Such is the character of Noah Vale in Sol Smith Russell's charming play, "A Poor Relation," which comes to the opera house next Monday night. It is essentially a role that appeals to the sympathies at times deeply; and being delineated with such exquisite finish by Frank Keenan, a comedian whose methods are peculiarly adapted to the character, it is no wonder that the play that forms its setting has become a household word for all that is clean and wholesome on the American stage. Manager Fred G. Berger carries the same scenery, properties, etc., used by Mr. Russell himself and a company superior to any that has yet appeared in the piece, including Misses Maud Abbott, Malbilde Welling, Fanny Barry Sprague, Katherine Dooling and the two children, "Rip and Patch," and Messrs. Geo. R. Sprague, Geo. B. Miller, Marcus Moriarty, John Cumberland and Chas. Buman. Seats on sale at Nelson's Friday morning.

1,000,000 WOMEN RELIEVED

Reports received show that Wine of Cardui has brought permanent relief to 1,000,000 suffering women in the last few years. Because of Wine of Cardui, thousands of sufferers, seemingly on the way to premature graves, are now healthy women taking an active interest in the duties of life. Mrs. Mitchell was declining in health when Wine of Cardui "performed a miraculous cure" in her case. She suffered terribly with the agonies of falling of the womb, leucorrhoea and profuse menstruation. The weekly appearance of the menses for two months sapped her vitality until she was little better than a physical wreck. Her nervous system gave way under the terrible pain and aggravation. Then came the trial of Wine of Cardui and the cure. Mrs. Mitchell's experience ought to commend Wine of Cardui to suffering women in words of burning eloquence. The Wine is within the reach of all. Woman who try it are relieved. You can get as much benefit as Mrs. Mitchell received. Ask your druggist for Wine of Cardui. Send to the laboratory for the medicine if he tenders you a substitute.

WINE OF CARDUI

South Gaston, N. C., May 29, 1899.
Wine of Cardui and Theodor's Black-Draught have performed a miraculous cure in my case. I have been a great sufferer from falling of the womb and leucorrhoea, and my menses came every week for two months and became very painful. I was in a bad condition. My husband induced me to try Wine of Cardui and Black-Draught, and now I have no pain. The leucorrhoea has disappeared and now I am in perfect health. **Mrs. WILLIE MITCHELL.**

An Opportunity to Purchase a Gun or Rifle at a Special Discount!

We believe it is an established fact that our house carries a larger stock of Guns and Ammunition than any similar establishment in Northeastern Kentucky. We sell lots of Guns, and, anticipating a heavy demand this season, bought more than usual, consequently the opening of the hunting season finds us with a larger stock of Guns and Rifles, both in the fine and cheaper grades, than ever before in the history of our house. Like other merchants, we don't want to carry over any more stock than necessary, so have decided to make a special offer for this week, in order to start the ball rolling. We will not name figures, but promise **A DECIDED CUT IN PRICE ON EVERY GUN IN STOCK FOR ONE WEEK.** Anyone who has even the remotest idea of purchasing should come in and interview us about the matter. This special offer will positively be withdrawn after the 17th instant, so take advantage of it while it lasts.
